

Dear Parents of 5th – 8th graders,

I am interested in possibly beginning a robotics club for 5th – 8th graders. I am investigating various programs/resources and have been in contact with possible leaders for the club.

The club would likely meet after school from 3:00 – 4:00, once per week – possibly on Tuesdays or Thursdays. Perhaps we could start in February.

At this point, I am reaching out to you to get a measure of interest. Please complete the attached form if you might like your child to participate.

Mr. Kirychuk

I am interested in having my child participate in a Robotics Club program after school. Return this form by Wednesday, January 19, 2022.

Student Name: _____ Grade: _____

Teacher: _____

Preferred Day: _____ Tuesday _____ Thursday

Parent signature: _____
