Dear Parents/Students:

CBCA participates in the Maryland Association of Christian Schools Fine Arts competition. Our students perform at a high academic level and often win several academic testing categories. Last year, MACS selected to expand their testing to an online format using the TestPoint™ Academic Testing Competition Program. *Your child may select to take as many tests as you choose.* The cost is **\$5 per test** and would be taken at our computer lab on a specified date during the school day. We encourage any and all students to participate in this state/national achievement test competition. First placement for the Senior High division may lead to national testing and looks great on college applications. *Please select which test(s) you wish your child to take and enclose the correct fee by **Friday, January 11nd**.*
